Joint Permanent Committee on Cadastre in the European Union and EuroGeographics CLR KEN webinar

16 - 17 June 2020

Dear colleagues,

We would like to inform you that the PCC conference that was scheduled for 16th and 17th of June in Zagreb was cancelled due to the uncertainty of the course of events caused by the current pandemic of coronavirus (COVID-19).

As we want to keep our relations and communication, instead of a physical conference, thanks to the support of EuroGeographics, a joint PCC and CLR KEN webinar will be organized in two 90 minute sessions on the 16th and 17th of June, in which presenters will have the opportunity to give a 10-15 min presentation and it will be possible to submit questions and comments online during the sessions. This gives us the opportunity to be connected without travelling and discuss the topics and issues.

In order to prepare the agenda, we kindly ask you to submit the short abstract of your presentations on this link. The main topic will remain as announced earlier:

“The Importance of Land Administration Data in Strengthening Competitiveness and Economic Development”

As in the previous PCC conferences, a questionnaire that was made in cooperation with EuroGeographics CLRKEN will be sent to you soon, based on which the report will be completed and presented on the webinar.

Draft agenda and the registration for the webinar will be available on the EuroGeographics and PCC website in due time.

We are sending you our best wishes, stay healthy and safe in this challenging situation.

Best regards,

Organizational Committee of the PCC Conference
