

Mrs. Hajnalka Ildikó Vig was appointed as Director General and President of the Management Board of the National Agency for Cadastre and Land Registration of Romania (ANCPI), at the end of June 2022.

Mrs. Vig has graduated from the Faculty of Legal Sciences and has a master's degree in civil law and civil procedure and a master's degree in labor law.

The new ANCPI president gained a considerable professional experience in the real estate registration system. She has worked in the Office for Cadastre and Land Registration of Bihor county since 2004, going through all the positions specific for the system, from legal adviser to the head of the Land Registration Service.

"I have the advantage to have knowledge of all the aspects of the real estate registration system. I know what a cadastre inspector or a land registrar faces every working day, but also how to run an institution of this complexity."

The main priorities of the new Director General are: accelerating the systematic registration in Romania, continuing the digitization process within ANCPI, ensuring permanent dialogue and providing support to ANCPI's partners, transforming ANCPI into a modern institution, similar to those in the other EU countries.

"The European Union's goals over the next decade are to achieve digital sovereignty and to be the leader of world digital transformation. There is no digitalization without spatial data. Therefore ANCPI, as a landmark institution in the management of spatial data in Romania, must become a proactive factor for this transformation. We must provide increasingly better products and services that meet European quality standards and become a leader of the digital revolution.

In order to achieve these goals, I want a fair and loyal partnership with all ANCPI stakeholders from private, public, academic or political environment. Only together we can build a modern, digitized Romania, able of taking care of its citizens."

Mrs. Hajnalka Ildikó Vig is a determined, dynamic, sociable and solution-oriented person, whose life motto is: "If you want, you can!"
