Comité de Liaison des Géomètres Européens

26 - 27 October 2023

PCC Meeting in Madrid (ES)

We are part of something bigger than ourselves

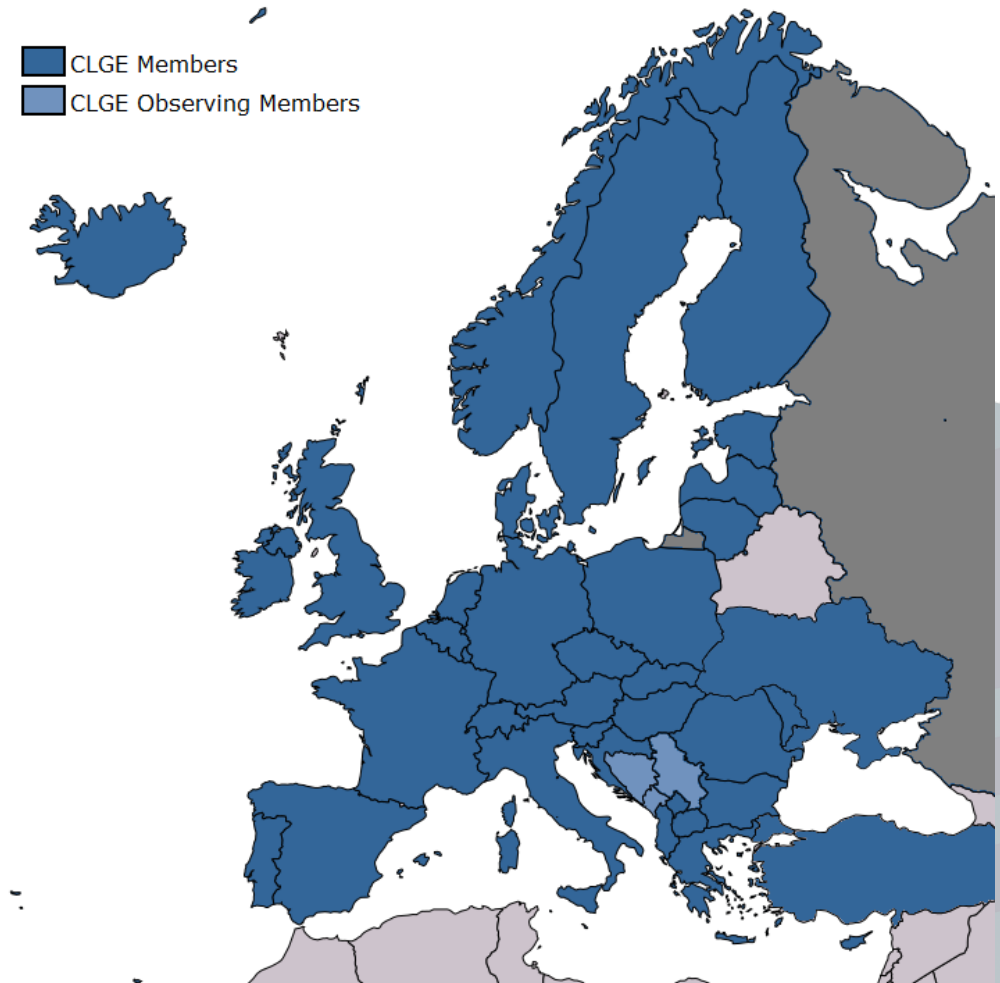

Overview of the presentation

- CLGE for newcomers
- Importance of NMAs, NMCA's and NCAs to join
- Young Surveyors' Contest and Meeting
- Preparations of the IX CLGE Conference in Paris
- General Assembly with an introduction on OCM

Leading Surveyors Association

- 38 Member countries
- + 3 Observing members
- 27 EU Members States
- >> 100.000 Surveyors
- Requires close cooperation
 - FIG, YSEN, ...
 - EuroGeographics, PCC, CEPLIS, ...
 - European Bodies
 - National Associations, Regional Events

CLGE: a definition

CLGE is the **leading representational body** for the Surveying Profession in Europe.

- Promotes the Profession in the EU
- Fosters its development in the Council of Europe

Surveying includes **Cadastral Surveying** which provides security to land and property title and thus underlies the economic base of western society.

Geospatial Information is now ubiquitous in our lives and the Surveyor plays a fundamental role in this field.

CLGE: a definition

The individual Surveyors spread over now 41 member states are the final and most important beneficiaries of our activities.

CLGE also pursues more general aims such as:

- the sustainable development;
- public and individual interests European Citizens.
