

# How to connect to the video room by WebRTC.

- 1) Open <https://teliavideomote.com> on your web browser.

The screenshot shows the Telia WebRTC interface. At the top is the Telia logo. Below it is a section titled "Conference alias or URI" with a text input field containing the placeholder "Enter conference alias or URI" and a small icon to the right. Underneath is a section titled "Your name" with a text input field containing the placeholder "Enter your name". At the bottom are two buttons: "SETTINGS" and "CONNECT" with a small icon to its right.

- 2) Type in conference ID (URI) **9189002** and your **name** and press **connect**

The screenshot shows a dialog box titled "Select your camera and microphone". It has three dropdown menus: "Microphone" (selected: "Mikrofon på headset (Plantronics BT600) (047f:02f7)"), "Camera" (selected: "USB Video Device (046d:0823)"), and "Audio Output" (selected: "Hörlurar på headset (Plantronics BT600) (047f:02f7)"). Below the dropdowns is a black rectangular video preview window. At the bottom right is a "PLAY TEST SOUND" button. At the bottom left is a checkbox labeled "Don't show me these options again". At the bottom center are "CANCEL" and "CONNECT" buttons.

- 3) Choose the **microphone**, **camera** and **audio output** you want to use in the meeting. (If you are unsure what to use, choose default.)

You can test if your sound is working by pressing "Play test sound"

- 4) Press **connect**

The screenshot shows the Telia WebRTC interface for PIN entry. At the top is the Telia logo. Below it is a section titled "PIN" with a text input field containing the placeholder "Enter the conference PIN". At the bottom are two buttons: "CANCEL" and "CONNECT".

- 5) Enter PIN code **1414** and press **connect**

## Connect to the meeting by phone

If you are using the phone you dial+46 (0)26 222 21 68, wait for response and enter conference ID **9189002** and then #.
