C&LR ExG BACKGROUND (1)

- **in EG an ExG is a working body dealing with specific professional issues;**
- **covering the needs of EG's member organizations;**
- **facilitating EG to become a key player for geographic and land information in a pan-European context;**
- **following the strategic goals of EuroGeographics to enable the interoperability of cross border reference information (topography, cadaster) and to establish effective partnerships with bodies in the European geographic and land information market – also other organizations in operation;**

C&LR ExG BACKGROUND (2)

- ❑ visioning to develop C&LR ExG as a dynamic and flexible response body for the issues on cadastre and land registry;**
- ❑ raising awareness on cadastre and land registry issues and attracting new members to join EG;**
- ❑ long term ambition: becoming a driving force in the European real estate arena with the means of relevant and reliable results, value added non-competitive cooperation, partnerships, lobbying at the EU/European level, raising professional profile and awareness;**
