Dear PCC Members,
Dear PCC Observers,
Dear Colleagues,
Dear Friends,

On behalf of the Cyprus Presidency of the Permanent Committee on Cadastre (PCC), we are pleased to inform you that the Meeting of the PCC during the CY EU Presidency, will take place between the 29th and 30th of November 2012, at the beautiful Aphrodite Hills Resort, in Paphos – Cyprus.

All preparations are being finalised during this period and we will soon send you all the relevant information for the electronic registration to the event, accommodation, travelling, etc.

During this summer, we have participated in the meeting of the Presidents of the European Geo-Information Associations in Brussels (10th of July 2012), dealing with issues regarding the final proposal for the “Common Vision” among PCC, ELRA, EULIS AND EG and the European Location Strategy. Following that (22nd of August 2012), we have prepared a revised document “An Agreement / Common Vision for Cooperation Among PCC, ELRA, EULIS AND EG” which was sent out to the Presidents and the relative PCC Working Group colleagues, to comment (same will also be sent to you shortly). As we have explained to all people involved, our target during the CY Presidency (following the excellent work done by our Danish colleagues), is to provide a “reconciliatory” framework for this document. It is obvious that the document needs to remain simple and short, however, include all main issues / thoughts / ideas at a higher level and not to a very detailed one.

We do believe that it is to our best interest to have this document signed during the PCC meeting in Cyprus, during a special session on the 2nd day of the event. We believe that we should all proceed with finalising this document and not let this issue extend any further. We have come very close with our thoughts and this is the time to
The final agenda of the Meeting has not yet been finalised (you will received it, as soon as it is prepared), however, as of now, we are planning to have the following sessions:

· Welcome Reception at the Aphrodite Hills Resort – 28th November
· Registration, Official Opening of the PCC Plenary – 29th November
· Session 1 – Counteracting the Financial Crisis – The European Property Market Current and Future Trends
· Session 2 – Legal Issues / INSPIRE / Latest Trends
· Session 3 – The CY Cadastral System – Latest Projects per Sector
· Excursion in Paphos
· Dinner in Limassol
· Session 1 – Geostrategic Changes – Energy and Renewable Resources and the Impact on Property – 30th November
· Session 2 – New Trends in Cadastre including LADM, 3D Cadastre, The European Location Strategy, Boundaries and Governance in Coastal and Marine Spaces / Marine Cadastre
· Session 3 – A Common Vision Among PCC, ELRA, EULIS, EUROGEOGRAPHICS and Official Signing of the Document
· Session 4 – Summary of the CY Presidency, Organisational Issues and Handling over of the PCC Presidency to Ireland

We look forward in having a successful meeting in Cyprus, that will first enable you to experience the famous Cypriot warm hospitality of our island.
Please be kind enough, as soon as we send you all the electronic registration
details, to log in to the system and proceed with the registration, at the earliest possible.

Once more, we welcome you to Cyprus and we are sure, that all together, we will
have an excellent and fruitful meeting.

Thanking you, we remain at your disposal,

Neoclis Neocleous
On behalf of the Dep. Director of the Department of Lands and Surveys
Cyprus PCC Presidency 2012
