

## Permanent Committee on Cadastre in the European Union – Enlarged Steering Committee Meeting

27th-28th March, 2008  
Ljubljana, Slovenia

Dear Colleagues,

Surveying and Mapping Authority of the Republic of Slovenia took over the presidency of the Permanent Committee on Cadastre in the European Union (PCC) for the first half of 2008 from our Portuguese colleagues. At the general assembly in Lisbon we presented the proposed PCC work plan and it was unanimously adopted. For your information, please find enclosed the mentioned presentation.

We agreed to organize a meeting in Ljubljana in March to discuss the future of the PCC, its perspectives and its position in relation to other sister organizations in European professional environment. Initiatives for joining similar organizations or leaving the situation as it is are many times on the agenda of relevant organizations, especially EuroGeographics, because most of the PCC members are also members of EuroGeographics.

With the aim of finding an appropriate consensus among an enlarged PCC Steering Committee members, we would like to invite to a discussion meeting some past and some expected new PCC presidencies. We would like to run a discussion in a reasonable number of participants, therefore we propose to limit a number of invited members. Other PCC members that have not got the invitation directly, can also take part if they have specific proposals for the future PCC operations.

The meeting will take place at the Grand Hotel Union (<http://www.gh-union.si/>). The hotel rooms are reserved in advance at the same hotel, in a business part. Please, fill in the enclosed Registration and accommodation form by 20 March 2008 and return it to the address on the form. If you wish, you can make your own hotel reservation in Ljubljana or surroundings, with your own efforts. In that case, please inform the person marked on the Registration and accommodation form about your special arrangement. The Ljubljana airport is close to the city and you can take a taxi or a bus to the city center and to the hotel (<http://www.lju-airport.si/eng/default.asp>).

The discussion meeting will start on 27 March 2008 at 13.00 and will finish, after an evening break, on 28 March 2008 at 12.00.

We are looking forward to hosting a PCC brain storming meeting about the organization' future. We are sure that with the respected invited PCC participants we can make a step forward for the benefit of all PCC members and interested professional society.

Warmly welcome to the sunny side of the Alps!

With our best regards

Dr. Božena Lipej  
On behalf of the Slovene PCC presidency
