Our objective for this meeting is to embrace various aspects of the Cadastral activity, however having in mind amount of different events, conferences and seminars we tried to choose topics which do seem to be discussed not so often, such as:

- Role of the Cadastre in counteracting the financial crisis
- Facilitation of the cadastral data
- Buildings, construction and flats in cadastre
- Standardisation in cadastre
- Eastern Partnership and non-EU cooperation
- Organisational issues

More you will find in the attached draft agenda of the Plenary. Your comments and propositions of issues which should be taken into consideration during the Plenary are most welcome.

I took a privilege to invite guests form Cadastral Agencies from countries that are not members of the European Union, like Croatia, Armenia, Georgia, Moldova, Belarus and Turkey, to give them an overview of recent developments and actions undertaken in the EU but also to learn about their activity and undertakings related to cadastre and SDI.

I hope that such meeting will be a good occasion to stimulate exchange of experiences, good practices and in future, cooperation and partnerships.
